CREATOR CAPITAL LIMITED
NOTES TO AMENDED UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 NATURE AND CONTINUANCE OF OPERATIONS

The Company is a Bermuda exempted company which, in June 1997, changed its name from Sky Games International Ltd. ("SGI") to Interactive Entertainment Limited and on September 27, 2000 changed its name to Creator Capital Limited. The Company provides inflight gaming and entertainment software and services by developing, implementing and operating or licensing computerized video gaming and other entertainment software on, but not limited to the aircraft of international commercial air carriers. Gaming software was marketed using the name Sky Games™, and the entertainment software is marketed using the name Sky Play.

With the acquisition of ETV on Demand, Inc., the Company has entered into the global Internet entertainment distribution industry.

These consolidated financial statements have been prepared using generally accepted accounting principles applicable to a going concern which contemplates the realization of assets and the satisfaction of company has suffered recurring losses from operations and has a net concern is dependent upon many factors, including the ability of the degree of competition encountered by the Company, technology risks, government regulation and general economic conditions. These consolidated financial statements do no include any adjustments that might result from this uncertainty.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents

The Company considers cash on hand, deposits in banks and short-term investments with maturities of three months or less as cash and cash equivalents.

Software Development

All software production costs have been capitalized until the software was available for general release to customers, in accordance with the provisions of Statement of Financial Accounting Standards No. 86, Accounting for the Costs of Computer Software to be Sold, Leased, or Otherwise Marketed. Amortization of the software costs over a three year period started in June 1998, Software development costs were written down in December, 1998 to a value representing the value attributable to the Sky Play software.

Property and Equipment

The Company's property and equipment is recorded at cost and depreciated using the straight-line and declining balance methods over its estimated economic life which is generally three to five years.

Additions and improvements that materially extend the useful lives are capitalized, while repairs and maintenance costs are expensed as incurred.

Goodwill

The Company adopted SFAS No. 142, Goodwill and Other Intangible Assets, effective January 1, 2002. Under SFAS No. 142, goodwill is no longer amortized but is reviewed for impairment annually, or more frequently if certain indicators arise. The Company completes its annual goodwill impairment tests as of December 31 of each year for all its reporting units. Based on an analysis of economic characteristics and how the Company operates its business, the Company has designated its business segments as its reporting units. As required by the statement, intangible assets that do not meet the criteria for recognition apart from goodwill must be reclassified to goodwill. With adoption of the statement, the Company ceased amortization of goodwill as of January 1, 2002.

Impairment of Long Lived Assets

In accordance with Statement of Financial Accounting Standard No. 144, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be disposed of, management continually evaluates whether events or changes in circumstances indicate that the carrying amount of long-lived assets may not be recoverable.

Loss Per Share

In 1997, the Financial Accounting Standards Board issued Statement No. 128, Earnings per Share (SFAS No. 128). SFAS No. 128 replaced the calculation of primary and fully diluted earnings per share with basic and diluted earnings per share. Unlike primary earnings per share, basic earnings per share exclude any dilutive effects of options, warrants and convertible securities. Diluted earnings per share are very similar to the previously reported fully diluted earnings per share. For the periods ended December 31, 2004, December 31, 2003 and December 31, 2002, there is no difference between basic and diluted loss per share as all stock options, warrants, convertible debentures and convertible preferred stock are anti-dilutive for the periods presented. All loss per share amounts for all periods have been presented, and where appropriate, restated to conform to the SFAS No. 128 requirements.

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Significant estimates used in these financial statements include fair values and impairment analysis of Property and Equipment and Investment.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries: Sky Games International Corp. (a Nevada, USA corporation), Creator Island Equities Inc. (a British Columbia, Canada corporation), Trade Watch Consultants Ltd. (a British Virgin Islands corporation). The subsidiary companies are inactive and all material inter-company transactions have been eliminated in consolidation.

Disclosure about Fair Value of Financial Instruments

The Company estimates that the fair value of all financial instruments as of March 31, 2006 and December 31, 2005 as defined in FASB 107, does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying consolidated balance sheets. The estimated fair value amounts have been determined by the Company using available market information and appropriate valuation methodologies. Considerable judgment is required in interpreting market data to develop the estimates of fair value, and accordingly, the estimates are not necessarily indicative of the amounts the Company could realize in a current market exchange.

Foreign Currency Translation

Foreign currency assets and liabilities are translated into United States dollars at the exchange rate prevailing at the balance sheet date. Revenue and expenses are translated at the average exchange rate during the year. Translation gains and losses are not material.

Website Development Costs

Emerging Issues Task Force Issue No.00-2, Accounting for Web Site Development Costs (EITF 00-2). Becomes effective for periods beginning after June 30, 2000, and establishes accounting and reporting standards for costs incurred to develop a web site based on the nature of each cost. In general, the pronouncement requires that costs incurred to develop a web site be capitalized and amortized to expense over the expected useful life of the site. The Company has incurred web site development costs.

Revenue Recognition

Revenue for Sky Play is recognized each month upon the invoicing of customer. Revenue for Sky Games is recognized at the end of each month upon accumulation of monthly gaming totals. During the period, revenue was generated only by Sky Play.

Recent Accounting Pronouncements

In November 2002, the EITF reached a consensus on Issue No. 00-21, Revenue Arrangements with Multiple Deliverables. EITF Issue No. 00-21 provides guidance on how to account for arrangements that involve the delivery or performance of multiple products, services and/or rights to use assets. The provisions of EITF Issue No. 00-21 will apply to revenue arrangements entered into fiscal periods beginning after June 15, 2003. The adoption of EITF 00-21 is not anticipated to have a material effect on the Company's financial position, results of operations, or cash flows.

In December 2002, the Financial Accounting Standards Board (FASB) Issued Statement of Financial Accounting Standards No.148, "Accounting for Stock-Based Compensation – Transition and Disclosure" (SFAS 148). SFAS 148 amends SFAS 123 "Accounting for Stock-Based Compensation", to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, SFAS 148 amends the disclosure requirements of SFAS 123 to require prominent disclosures in both annual and interim financial statements about the reported results. The transition guidance and annual disclosure requirements are effective for fiscal years ending after December 15, 2002. The Company will continue to account for stock-based compensation under the provision of Accounting Principle Board Opinion No. 25 "Accounting for Stock Issued to Employees" using the "intrinsic value" method. Accordingly, the adoption of SFAS 148 is not anticipated to have a material effect on the Company's financial position, results of operations, or cash flows.

Statement of Financial Accounting Standards (SFAS) No.146, "Accounting for Costs Associated with Exit or Disposal Activities" (SFAS No.146), requires the Company to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of commitment to an exit or disposal plan. SFAS 146 replaces Emerging Issues Task Force (EITF) Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." The provisions of SFAS NO.146 are to be applied prospectively to exit or disposal activities initiated after December 31, 2002. The effect of adoption of SFAS No.146 is dependent on the Company's related activities subsequent to the date of adoption.

In November 2002, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No.45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, including Indirect Guarantees of Indebtedness of Others" (FIN 45). FIN 45 requires that upon issuance of a guarantee, a guarantor must recognize a liability for the fair value of an obligation assumed under a guarantee. FIN 45 also requires additional disclosures by a guarantor in its interim and annual financial statements about the obligations associated with guarantees issued. The recognition provisions of FIN 45 are effective for any guarantees issued or modified after December 31, 2002. The disclosure requirements are effective for financial statements of interim or annual periods ending after December 15, 2002. The adoption of FIN 45 is not anticipated to have a material effect on the Company's financial position, results of operations, or cash flows.

NOTE 3 INVESTMENT – CHINA LOTTERIES

On September 22, 2001, the Company entered into an investment agreement with Trade Watch Consultants Limited, (formerly Asset China Investments Ltd.) ("TWC"). Trade Watch holds 70% of the outstanding shares of Beacon Hill Enterprises Ltd. Beacon Hill holds the license for and operates one of two major Soccer Betting Lottery locations in Guangzhou City, Guangdong Province, People's Republic of China. In exchange for 1,500,000 shares of the Company's common stock, and an investment of up to HK\$1,500,000 (US\$180,050), the Company will receive 80% of the proceeds of the business profits that will be generated from Trade Watch's sports betting and lottery assets. To date, the Company has forwarded HK\$955,000 (US\$115,030). As at September 30, 2003 no earnings have been recorded as this project is in its initial stages of operation and no business profits have been earned to date.

On November 1, 2001, the Company entered into an investment agreement with Lee John Associates ("LJA"). Lee John is engaged in the business of owning the licenses for and operating several lottery locations in Guangzhou City, Guangdong Province, Peoples' Republic of China. In exchange for 500,000 shares of the Company's common stock, the Company shall receive 80% of the proceeds of the business profits that will be generated from LJA's Lottery businesses. As at September 30, 2003 no earnings had been recorded as this project is in its initial stages of operation and no business profits have been earned.

As of August, 2003, CCL had not received any funds under the agreements with TWC and LJA. Therefore, upon detailed re-evaluation and analysis all parties mutually agreed to amend the original agreements. On September 1, 2003, CCL amended these agreements as described below:

The original agreement with TWC required a total investment of US\$180,050.00 (HK\$1,500,000.00) and the issuance of 1,500,000 CCL common shares to TWC. To date, CCL has funded US\$115,030.00 but has not issued any common shares. Initially, both TWC and Beacon Hill Enterprises Ltd. ("BHE") agreed that TWC's 70% ownership in BHE would be reduced to 49% (due to the partial completion of the original funding of US\$180,050.00). The agreement was then finalized as a Licensing arrangement, whereby the US\$115,030.00 advanced was deemed to be a one-time, full payment of the license fee to allow TWC to sell lottery tickets through a dedicated website www.worldwidelotteries-china.com. The 1,500,000 CCL common shares will not be issued as a part of the arrangement.

The original agreement with LJA required CCL to issue 500,000 CCL common shares in exchange for 80% of LJA's business profits generated from its even sales locations within Guangdong Province in the People's Republic of China. As of September 1, 2003, CCL had not received any funds from LJA, nor had CCL issued the 500,000 common shares. This agreement was cancelled on September 1, 2003.

As of December 31, 2003, CCL has completed the development of the website (www.worldwidelotteries-china.com) which is directed towards the international marketing and sales of the Soccer Betting Lottery. During the third Quarter 2003, approval was obtained and an agreement was reached with a Credit Card Payment processing provider. Subsequently, the provider was unable to provide the required services due to an internal issue. In the fourth Quarter 2003, agreement was reached with NETeller to provide payment processing services. Subsequently, the live operation of this internet site has been suspended until a new Chinese agent has been appointed. There is investigation towards the licensing and integrating the online purchasing and processing portion of the software. There are also aspects of the software to be integrated into future applications of Sky Games.

NOTE 4 LICENSING AGREEMENT - ONLINE GAMING BUSINESS

On September 19, 2003, CCL's wholly owned subsidiary, Trade Watch Consultants Ltd. ("TWC") of the British Virgin Islands, entered into a Licensing Agreement with Action Poker Gaming Inc. ("APG"), a wholly owned subsidiary of Las Vegas from Home.com Entertainment. APG provides Internet Gaming Software designed for the on-line gaming industry. APG specializes in multi-player interactive poker games. CCL's site www.worldwidegaming-asia.com will feature Asian Themed games such as "Chinese Poker", "Pan" and "Big 2".

As at September 30, 2004, the website content and design has not been forwarded to CCL for approval. Whereas APG has not affected steps to activate the services under this Agreement, CCL has deemed the Agreement in default and has withdrawn.

NOTE 5 SHARE PURCHASE AGREEMENT – ETV CHANNELS ON DEMAND, INC.

On March 6, 2006 the Company entered into the Share Purchase Agreement through which it has acquired all the outstanding common shares of ETV on Demand, Inc., formerly known as ETV Channels on Demand, Inc. Effective February 22, 1995, the Company continued its corporate existence from the Yukon Territory to Bermuda as an exempted company under the Companies' Act 1981 (Bermuda) (the "Bermuda Act"). These shares were acquired in exchange for 50,000,000 common shares of the Company, issued on an earnout basis at the deemed price of US\$1.00 per share for every US\$1.00 of Gross Revenues realized through the ETV business. A Share Purchase Warrant was issued granting the vendor of the ETV shares the right to purchase an additional 1,000,000 Creator common shares at US\$1.00 per share. The Company will issue a 5% Finders' Fee at a deemed price of US\$1.00 per share to be earned out based upon the same formula as the acquisition shares. This agreement becomes valid on the first issuance of Company common shares

With the Acquisition of ETV Channels on Demand, Inc., (ETV) the accounts of the Statement of Operations now reflects not only Creator's Expenditures for the Quarter, but also those of ETV.

The Accounting and Audit cost increase, however, reflect the immense increase the cost of annual audits caused by the Sarbanes-Oxley regulations in the U.S.A. The amounts noted here include the extra cost for the newly appointed Auditor, Amisano Hansen, to re-audit the December 31, 2004 and the review of the September 30, 2004 Quarterly, allowing those statements to be filed with the S.E.C. Also included is the accrual for the current fiscal year's audit.

General and administrative expense has dramatically increased due to the ETV acquisition. Their operational and developmental costs are included in the June 30, 2006 figures noted in the above Table.

Consulting and services expenses have increased from \$22,000 for the 2005 Period to \$167,098 for the 2006 Period. ETV's business is conducted under services rendered billings.

The Legal expense for the Period was \$17,563, primarily services provided to ETV. Of this \$3,578 was utilized for corporate filings as well as copyright of the Creator Brands. The 2005 Quarter's expense was \$1,745.

Depreciation and amortization expenses increased to \$10,092 for the 2006 period from \$5,017 for 2005. The increase reflect the acquisition of depreciative assets with the ETV deal.

A SALES AND MARKETING COSTS

The Marketing account amount leaped to \$465,819 reflecting the ETV indirect expenditures for obtaining entertainment content and the pursuit of clients. These expenditures included fees to various content and marketing independent contractors. The 2005 Quarterly's cost was \$206 for the marketing of the Sky Play Product.

The Net Loss before preferred stock dividends was \$1,002,768 for the six months ended June 30, 2006 compared to a net loss of \$27,288 for the six months ended June 30, 2005. With the inclusion of ETV's activities, which is in the effort of obtaining content contracts and revenue generating content providing contracts, the level of expenses reflects the level of efforts. The one contract already announced, testing and development of the system is now in the works, which has to occur before revenues are generated.

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2006, the Company had a working capital deficit of \$2,704,501. The accruing preferred share dividends payable contributed substantially to this deficit. The acquisition of ETV On Demand, Inc. increased the cash position. It also increased the current Note Payable liability to \$1,973,222. The Company also had negative cash flow from operations during the six months ended June 30, 2006. It has been sufficient to provide the necessary funds for marketing, for continued development of the Company's products but not adequate to fund payment of the Company's dividend obligations on outstanding preference shares. The Company negotiated a restructuring and reduction of certain amounts owed to two of its largest creditors and to a best effort deferred payment plan on these obligations. One of creditors has now entered bankruptcy proceedings. Due to the operating losses of the past years, the Company's continuance as a "going concern" is dependent upon its ability to obtain adequate financing and to reach profitable levels of operation. It is not possible to predict whether financing efforts will be successful or if the Company will attain profitable levels of operations in its current business activities.
